**ABOUT OUR POLE TENTS**

- 1st quality 16 oz. blockout vinyl
- All panels are bonded with 1" heat sealed overlapped seams
- 2" vinyl webbing reinforcements to and from all pole locations
- Scalloped valances bound with vinyl binding
- 95% of tent top is bonded with heat sealed construction
- 7/32" polyester side curtain rope line held in with 1" polyester webbing
- Side curtain rope line is replaceable if ever needed
- 20'-wide pole tents include aluminum poles. Larger 30'-wide pole tents include steel poles.
- All tent sets come complete with bag, ropes, and stakes.

**HEAVY-DUTY CONSTRUCTION ON ALL OUR TENTS!**

**ABOUT OUR HI-PEAK TENTS**  
Hi-peak frame tent is designed and installed using tensioned cross cables, instead of a center pole or interior frame which supports a high peak flying mast generating an elegant look for any occasion. The 16 oz. blockout vinyl top is tensioned down at each corner pole using our ratcheting rope lock system. Tents provide quick and easy storage and can be installed in minutes with only 2 people since fewer fittings and parts are necessary than with traditional pole and frame tents.

**HI-PEAK FRAME TENTS**

**ABOUT OUR WEST COAST TENTS**  
This tent frame is assembled with aluminum or steel tubing joined together with connection fittings that support the fabric top. The rigid framework allows the tent to be freestanding. However, a frame tent will require some type of anchoring system, such as ropes, ratchets, or cables, to hold it in place. Popular for events that require smaller tents. Requires no center poles or center supports, giving the optimum amount of space available.

**20' x 20' WEST COAST FRAME TENT**

Pricing & Sizes Below

Red, Green, & Blue Stripe Also Available.

**20' x 40' WEST COAST FRAME TENT**

Pricing & Sizes At Right
